Thanks for sharing these comments. I sent my mark up to ORC yesterday afternoon and should have sent it to you all, too – sorry about the oversight. I'll forward that on to you now.

Hi David,

Please find below a few big picture comments re: R9 Test Aquifer Exemption Package. Hope you find them useful for your conversation with the state.

Let me know if you have any questions.

Joe.

Holly,

Region 9 received the aquifer exemption test package from California. David plans to discuss his review of the AE package with California on Nov. 3. Please let me know if you would like someone to be in on those discussions or to follow up with David Albright.

Thanks,
Lisa

Hi Lisa,

Here is what we received from the state on Friday afternoon. We are reviewing it at present and are planning to have a meeting with the state on Nov. 3rd to provide our feedback. Sounds like you will be out of the office most of that time, but I wanted to be sure you had the submittal from CA. Note that this is a “test/sample” and is not

being submitted as a formal request for action by EPA.

Thanks,
David

Subject: Test Aquifer Exemption Package

All:

Please find attached the Division of Oil, Gas, and Geothermal Resources' trial run aquifer exemption test package. This test case is for an aquifer that is non-hydrocarbon producing, with a TDS between 3,000 and 10,000 mg/l. The attached document is an Executive Summary, with the majority of the supporting data located at the site below. To access the supporting data, please click on the link below. In order to access the file, you will need to enter the password. This supporting data will be available until Friday, October 31, 2014. Please review this test package and be prepared to provide comments on November 3, 2014 at our next meeting. If you have any questions, please let me know.

Sincerely,

Robert S. Habel
Technical Services Manager
Division of Oil, Gas, and Geothermal Resources
(916) 323-1782
